nate.dong97@gmail.com | Vancouver, BC, Canada

<https://nathandong.com> [linkedin.com/in/nathandong-dev](https://www.linkedin.com/in/nathandong-dev) github.com/nathand2

Skills

Programming	Python, JavaScript, Java, C, C++
Web & Database	HTML, CSS, MySQL, PostgreSQL
Frameworks	React.js, Node.js, Express.js, Sass, Angular
Technologies	Git, Postman, VS Code, IntelliJ, PyCharm, Figma

Education

British Columbia Institute of Technology | Computer Systems Technology, Diploma

Graduation December 2021 | Burnaby, BC

- Combination of computer systems theory with hands-on practical experience in software development
- Relevant Coursework: Python & Java OOP, Internet Software Architecture, Algorithm Analysis and Design

Projects & Experience

Projects Practicum - Computotal

- Developed a frontend and backend solution as a group of 5 over a 5 week project term at BCIT.
- Co-designed and prototyped wireframes for admin and customer facing portions of the product using Figma.
- Implemented designs for customer frontend using Angular and Typescript.

Collaborative Scheduler <https://scheduler.nathandong.com>

- Designed and developed a Scheduling Web app over 2 months where users can invite people to sessions via links to collaboratively plan an activity.
- Implemented Frontend using React.js, React Bootstrap and D3.js and Backend using Express.js, MySQL, JSON Web Tokens and Passport.js Google Oauth.

List Maker <https://list.nathandong.com>

- Created a List Maker web application where users can create, delete and reorder list items.
- Demonstrates fundamental React.js concepts and design patterns.

Other Experience

Safeway - Produce Clerk | 2016 – 2019

Maintained the department through various duties including trimming/washing produce, filling displays, cleaning, customer service and training new employees.

Other Skills

Teamwork & Communication: Having worked at Safeway as a Produce Clerk and with project members during my time at BCIT has developed my ability to effectively communicate and work with teammates.

Efficient Learner: BCIT's Computer Systems Technology program has strengthened my ability to quickly find, consume and learn new information and technologies effectively.

Agile: Numerous collaborative group projects completed using Agile Methodology. SCRUM, check-ins and sprint reviews.
